# Tennessee Maneuvers

"Somewhere in Tennessee"

October 15, 1943

Dear Muriel:

Your letter arrived here yesterday, and was a pleasant surprise in being some time since I had heard from you.

As you can see, we are once again here in Tennessee, playing tag with tanks. It really isn't too bad this year, and time passes much faster than it does in garrison.

I have seen several pictures of your uniforms, both in the papers & in newspapers. They are really quite snazzy. I like them much better than those the Waes, Wases etc. have. Somebody was on the hall for a change.

Possibly you have already heard that I was in New York a couple of weeks ago - even managed to get home for a day or two. Really enjoyed that, although the trip, by train, is pretty tough.

We are expecting fun longer, as soon as maneuvers are finished, 15
