HEADQUARTERS
TASK FORCE SUNDT
APO 230

25 April 1945

Subject: Air Support Furnished Task Force Sundt.

To : Commanding General, 87th Infantry Division, APO 448, US Army.

1. During the period 10 April to 19 April 1945 when Task Force Sundt advanced from the vicinity of TAMBAH (J0340) to BUKOEN (K2218) the Task Force was materially assisted in accomplishing its mission by the excellent air support furnished.

2. CAPT EDWARD H. BROCKEMA, Air-Ground Officer, 87th Infantry Division and CAPT WALTER J. MCKINNEY, Tactical Air Liaison Officer, 19th Tactical Air Command with his party accompanied and were a part of the Task Force. As a result close tactical reconnaissance of routes and areas to our front was made on call and reports were rendered direct to the Task Force. Also on numerous occasions when enemy armor or other concentrations threatened to impede our advance, especially at times when we were beyond artillery support, the prompt support by fighter-bombers obtained through the Air Support Party reduced the threat.

3. It is highly recommended that such Air Support Party accompany any task force that operates to the front of the division main body, particularly if it is to proceed beyond the range of artillery support and beyond the range of observation of the artillery liaison planes.

4. The officers and men of the Air Support Party are to be highly commended for their fine spirit of cooperation and their success in maintaining communications with Task Force Operations and the air cover even during the heaviest periods of enemy shelling.
