

CITATION FOR BRONZE STAR MEDAL

SGT ANDY C MUEUEN, 39276104 (), 821st TD Bn,
U S Army, for heroic achievement in military operations
against the enemy in Germany. On 4 November 1944, an enemy
artillery shell hit near a half track, the shrapnel from
which pierced the gas tank setting the vehicle aflame.
Almost immediately, flames swept to the ammunition inside
causing tremendous explosions which severely wounded a
soldier. With complete disregard for his own safety,
Sgt Mueuen braved the burning and exploding ammunition and
with the assistance of two enlisted men, evacuated the
soldier to safety. Such actions reflect great credit upon
himself and the Military Service. Entered Military Service
from California.
