

HISTORY of the

605th T.D. BATTALION

1941-

-1945

Hq. 605th TD Bn.
Pfungstadt, Germany
1 July 1945

This booklet has been prepared with the thought that, in time to come, it may serve as a reminder to the officers and men of the "605" of their service in the war.

It is particularly fitting at this time that such a record be made available, since it is anticipated, in the near future most of us will be deployed in other assignments for the war with Japan. In my opinion, we have one of the finest groups of officers and men any unit of the Army has ever had. I have been honored in having the command.

I hope the future holds a time when we may be together again to talk over the old days, or that when we meet as individuals it will be "Here's to the 605".

605th. T. D. SONG

To Tune of
("If You Dont Like Your Uncle Sammy")

When the dough boys are in the trenches
And the cavalry is out on patrol
There's fighting in the air — the airoplanes
are there
They're all right as far as they go
But when the big tanks are over yonder
There's one thing you'll have to agree
That the guts of the whole blamed* Army
Is THE 605 TD (I Really, mean it)
It's the 605 TD.

*It says here.
