NUMBER 63

I. AWARD OF SILVER STAR. Under the provisions of AR 600-45 and Circular 6, Third United States Army, current series, the Silver Star is awarded to the following named officers and enlisted men for gallantry in action in northern France:

→ LT COL HARALD S. SUNDT, 018774, Field Artillery, United States Army. On 16 August 1944 in the vicinity of * *, France during a very difficult engagement in which Infantry forces, which his battalion was supporting, had captured the town of * * and were twice driven out, Lt Col Sundt, without regard for his own personal safety, showed exceptional diligence in reconnoitering gun positions to best destroy enemy tanks. At one critical action, he personally manned a tank destroyer gun direct into the path of an enemy attack greatly assisting in the stopping of the enemy attack and the re-capture of the town. This gallant act under enemy fire was an inspiration to both the Infantry and tank destroyer personnel and facilitated in closing the gap at * * and the destruction of the enemy force. Entered service from New Mexico

1ST LT WILLIAM R. MATHEWS, 0500490, Field Artillery, United States Army. On 18-19-20 August 1944 in * *, France Lt Mathews was flying his liaison plane during a critical operation when supported troops were attempting to cross * *, in order to obtain deeper reconnaissance of the enemy movements. He flew forward of friendly lines although frequently fired on by enemy small arms and Anti-Aircraft weapons. At * *, he silenced enemy machine guns which were holding up our lines by directing fire upon them; discovered an enemy column moving across country and destroyed 27 vehicles and many personnel forcing the remnants of the column to retreat into the woods. Near * *, France, on 19 August he succeeded in destroying 21 vehicles although he was under fire from an enemy 20mm Anti-Aircraft gun which tore holes in the fabric of his plane. Continuing on his mission, he blew up one ammunition truck, 1 tank and 31 vehicles were left burning from the fire of the Artillery Battalion for which he was observing. On 20 August, he continued long hours of observation, directing the fire of 3 separate battalions of Artillery and destroying enemy columns and formations although on this date he came under Anti-Aircraft fire from an 88mm gun, which did considerable damage to his plane. In 3 days of flying he spent 35 hours in the air directing the fire of his own and attached Artillery battalions with great effect on the enemy. Entered service from Texas.
