OPNS INSTNS NO. 42

~~MAP: 1/25000, FRANCE~~

1. Accidents from mines since the recent thaw indicate that there may be mines which have heretofore escaped detection or additional mines may have been laid in the snow. It is therefore necessary that roads be again swept for mines.
2. Atnch hereto is an overlay showing roads that will be swept by Engr Trs. It is expected that mine clearance on these roads will be completed 7 Feb. If units desire that any additional roads be cleared which are beyond the capabilities of Inf A & P Plato, they will submit request for same to the Div Engr.
3. As roads are swept they will be posted with appropriate signs in accordance with current directives.
