Hi Mathilda -

well rec your letter
the other day and will write
a few lines so as you know
that you put me in a
spot by saying if I didnt
I wasnt able to will it
in my left arm so that
helps a little.

well had a operation on
it about a week ago and
it seem to be coming
along fairly well at the
present.

my elbow is gone so
dont think they will ever
fix me up so that I will
be able to use it.

It never did bother me
or pain but had two
breaks in my arm beside
and they seem to bother a

a little but now that they
are healed up it feels good.

well I rec the cigarette
and thanks for the same
think I will have to excuse
fore now got so many letters
to ans that I suppose I wont
get it done well if you
cant read this scribbling
why just guess at it.

Hi Mathilda -

Well rec. your letter the other day and will write a few lines so as you know that you put me in a spot by saying if I didn't, I wasn't able to, well it is my left arm so that helps a little.

Well had a operation on it about a week ago and it seems to be coming along fairly well at the present.

My elbow is gone so don't think they will ever fix me up so that I will be able to use it.

It never did bother me or pain but had two breaks in my arm besides and they used to bother a little but now that they are healed up it feels good.

Well I rec. the cigarettes and thanks for the same. Think I will have to close for now, got so many letters to answer that suppose I won't get it done. Well if you can't read this scribbling, why just guess at it.
