

Edward. R. Gallaher Jr Esq.
22 Fillmore Street
Petersburg, Virginia

Sunday 10th June/45. U.S.A

Dear Edward.

As promised, we are sending you on the photos which we took in September. We hope that everything is going for the best, and that you are keeping well. We hope by the time this letter reaches you, you are back in America. With the war finished in Germany, we are wondering if they will send you to Japan. Here everything is well, and we

are all in good health, and life continues normally. Thanks to the splendid work you all did in driving out the Bosch.

My husband and papa have been working with the Expeditionary Forces since last October.

Josianne is always speaking about you all, remember her, our little girl. She often asks about you all, Edward, Nick, Lee, and Herbert. When we show her the photos, she recognizes the soldiers. We will always remember you all, because being

the first Allied soldiers in Belgium.
What better memories could we have
after the years of occupation?

As for us all here, we are keeping
fit and well, and we are looking
forward to hearing some news from you.
Please write some time, and let
us know how you are keeping these days.
In waiting for your reply we send
you our best wishes, and our sincere
sentiments and a big kiss from little
Josianne. Give our kindest regards to
your family. So before closing, we

wish to thank the soldier, for
making it possible for this letter
to come to you.

We Remain
Your Friends
